SUMMARY

Senior Web Frontend Engineer with over 7+ years of experience in frontend development and UI engineering, expert in React.js and Next.js. Key achievements include increasing project delivery speed by 20% through API integration and enhancing user engagement by 20% with React UI dashboards. Seeking a Senior Frontend Developer position at [company name], where my frontend development and UI engineering skills will support your mission of delivering scalable, and accessible web interfaces.

EXPERIENCE

Senior Web Frontend Engineer

AKQA

09/2022

Gurugram, India

Digital agency delivering exceptional experiences

- The Kusnacht Practice (Luxury Swiss Health & Rehabilitation Clinic) - Translated complex Figma designs into pixel-perfect ES6+ components (multilingual), used modern build tools and automated testing for clean, flawlessly rendered Sanity-fetched UIs, integrated third-party calendar.
- Nexeon (Battery Technology & Solutions Company) -Developed modular UI components, optimized SEO and load performance, and streamlined content workflows through Contentful and Storybook integration and Jest Tested Code.
- Melbourne Convention Bureau (Tourism & Business Events Platform) -Architected and customized Sitecore templates with Vue.js and SCSS, ensuring scalable and reusable frontend modules for events and campaigns.
- Visit Victoria: Integrated Mapbox for maps, customized React for discovery, improved accessibility and through strong teamwork and problem-solving, consistently delivered clean code, and converted components of Vue to React components.
- Bunnings (Leading Australian Home Improvement Retailer)- Rebuilt catalog and checkout flows with Next.js and GraphQL, optimized performance with Vercel deployments, and ensured responsive customer journeys.
- Successfully completed and actively participated in the structured Shopify Plus Certification.

Senior Web Frontend Engineer

JOSH Software

10/2021 - 09/2022

Bengaluru, India

A software development company specializing in custom applications

- ADIB Bank (Abu Dhabi Islamic Bank, UAE)- Delivered secure and responsive banking modules with Angular and React, implemented dynamic forms, and integrated APIs for digital banking services. (*Angular.js, React.js, SCSS, Postman, GitHub, Jira*)
- SBER Bank (Largest Russian Financial Institution)-Implemented React UI dashboards enriched with GSAP animations, improving user engagement and cross-browser compatibility. (*React.js, GSAP, SCSS, Bitbucket*)

Web Frontend Engineer

KDMS

05/2018 - 10/2021

Chandigarh, India

Educational technology service provider

- GreatMocks (EdTech Platform, Mock Test Solutions) - Designed responsive learning modules, integrated APIs, and implemented dynamic forms to improve student experience. (*React.js, REST APIs, React Bootstrap, JavaScript, CSS*).
- Increased international user engagement by {15%} by building multilingual e-commerce UI with React and Material UI.
